

## Product Description:

Laser beams are well-documented to chase away pest birds. The beam seeks out their roosting spots, alarming and confusing them and they flee. The Birdzout Indoor Laser emits red and green lasers to create dynamic light patterns that deter birds, the rotator increases coverage. Safe - Quiet - Humane - Powerful - Economical

## Specifications:

- Model Number: BZ-ILP
- Laser class: 3R
- Laser output power: 50-100mw
- Laser wavelength: 532nm
- Beam Divergence: 60° multi-pattern
- Coverage: up to 1000m<sup>2</sup>
- Range: 180 degree coverage
- Operating Temperature: 0° to 35° C
- Housing Material: Cast Aluminum
- Package includes:
  - Birdzout Indoor Laser
  - Birdzout Rotator
  - Mounting Bracket
  - Mains Power Timer
  - Power Adaptor
- Warranty: 12 months against manufacturer defect
- Laser Size: 190 x 140 x 120mm, 1.5kg
- Rotator Size: 190x 110x 60mm, 1.4kg
- Additional Features: Manual shutter for beam distribution control
